GREATER BOSTON INDUSTRIAL DEVELOPMENT FINANCING AUTHORITIES/CORPORATIONS/FOUNDATIONS

These public, financial-assistance agencies attempt to provide low cost financing for industrial corporations. All operate at the local government level, under state enabling legislation. For purposes of clarification, **Industrial Financing Authorities** are local bond issuing authorities which make funds available to manufacturing concerns. **Industrial Development Corporations**, again on the municipal level, have powers to buy, hold, and develop industrial sites. **Economic Development and Industrial Corporations** have powers of eminent domain for acquisition and development of industrial parks. Inquiries concerning any of the agencies listed should be made directly. An alternative would be to contact the Department of Economic Development, Massachusetts Department of Commerce and Development, Saltonstall Building, 100 Cambridge Street, Boston, MA, 02202.
